

Hello Everyone

Posted by ann - 27 Feb 2016 19:52

Hello everyone,

sorry that we all are having a bad time of things

I wish that I could change things for us all but I am afraid I cannot

It doesn't help when stupid people post dirty pictures in a advertisement in a language I wouldn't understand..... I have had to ban them

and will ban any post like that and have done in the past

We all have a enough to put with without looking at pictures like that advertisement or not

you are all not far my mind every day and nights in my prayers

sending you all my love Ann

=====

Thanks Ann, you continue to do an amazing job and we are all very grateful to you!!

Wish everyone "good days" Xx Helen

Hi everyone - I'm new to the site as I only found out this year that all my neurological problems we

caused by Myodil Mylegram I had in 1975 when I was 15. Have had lots of misdiagnoses and neuro deterioration over the years. I am now 57 with significant mobility issues, pain, weakness in legs, loss of sensation etc. I have AA with Syringomyelia T6 - T 11.

I'm currently in Wiltshire but moving soon to Isle of Wight so be nice to see the sea most days.

Hello kwikcat

love your name,

It sounds like you have had a pretty hard time with your arachnoiditis

My god to be so young and to get all the different diagnoses

It must have been very hard for you all these years

but to be only 15 years old is very hard for me to imagine my heart

Goes out to you !!

I wish you the all the best in your move to the Isle of Wight

It sounds lovely !

I cannot think of anything nicer than sitting looking

out at the sea I love doing that

You take care of yourself lots of love.

Ann x

So sorry to see your message. I found MITOQ has given me back a lot of sensation and kept bladder/bowel functioning, but hasn't helped muscle cramps. Worth looking at their website, some interesting results for patients with long term neurological conditions.

www.mitoq.com

Best wishes Helen
