Is the forum still being moderated? If so can we delete the spam posts and ban the bot accounts posting them please?

Hello Kev,

I hope that you are feeling well and have been coping well with your pains.

Everyone that has posted advertising has been banned but others still come along sadly.

But thank you very much for letting me know. .it is always good to have another pair of eyes,

Sending lots of love and hugs

Ann xxx

It appears most of the spam is coming from the account SadieJ.
