

Damn hackers!

Posted by kev - 04 Aug 2006 13:36

I notice this site has been defaced a few times i have tried to visit, can security not be beefed up?

I have never had that problem? Are you sure you went to the right site?

I hope doc sees it.

Hi, I noticed it on 13th July and sent an e-mail to Kim asking if our e-mail addresses, user names and passwords could have been compromised and got no answer.
